DEEP by Rafa García, 2017

EXPLICACION DEL MODELO

Sumérgete en las profundidades...

Deep es un programa modular de **Rafa García** para **Sancal**. Se trata de un diseño racional y clásico. La premisa ha sido partir de la esencia, para instaurar la máxima comodidad con el mínimo artificio.

Este diseño refuerza la contemporaneidad de nuestro catálogo y demuestra que la sencillez no está reñida con el lujo.

Exteriormente la estructura de **Deep** es muy cúbica, el respaldo se une a los brazos remarcando ángulos y líneas rectas. En el interior en cambio la superficie es curva para potenciar el confort. El perfil del asiento tiene un diseño biselado para hacerlo casi desaparecer. Las bandas de las almohadas insisten en el racionalismo más clásico, y la separación entre ellas deja espacio para vislumbrar la ya mencionada suavidad interior de la estructura.

Deep también se caracteriza por una gran modularidad capaz de adaptarse a todos los espacios.

Los cojines auxiliares ayudan a personalizar nuestro sofá, y lo adaptan a las necesidades de ergonomía y estética de cada usuario. Gracias a la profundidad del asiento, podremos añadir una amplia combinación de almohadones y así, combinar los cojines de brazo, con las almohadas lumbares y los cojines-estola para el cabezal; hasta conseguir un **Deep** único, hecho a nuestra medida.

Vistas de frente, las patas no son más que un sutil y delgado perfil, pero desde el lateral, cobran importancia y muestran su marcado carácter. Son de aluminio macizo y están disponibles en todos los colores de nuestra carta de lacados extramate.

DESCRIPTION

Dive down to the depths...

Deep is a modular seating system by **Rafa García** for Sancal. A rational design studied to provide uncompromised comfort with the smallest footprint possible. With this design, **Rafa** reinforces the contemporary side of **Sancal's** catalogue and demonstrates that simplicity need not be the opposite of luxury.

The box-like exterior with its strict angles and straight lines gives way to a bulbous interior. The seat structure is bevelled to such a degree that it seems to disappear while still providing support and strength. The cushion boxing is a nod to classical rationalism with a separation that enables the padded structure to be seen.

Deep is one of the firm's most adaptable products. A varied array of modular elements means that it can fit into a wide range of interiors.

The cushion accessories can also be used to personalise the sofa, adapting to the ergonomic and aesthetic necessities of each user. Ample scatter cushions can be added to vary the deepness of the seat. Arm cushions can be combined with lumbar supports and stole-like headrest cushions to create an infinite array of unique **Deep**.

From a front elevation, the feet are subtle and fine, but from the side they reveal their importance. Made of solid aluminium, they are available in all the colours in the extra matte lacquer chart.

CARACTERISTIQUES

Plongée dans les profondeurs...

Deep est un programme modulaire de **Rafa Garcia** pour Sancal. Il s'agit d'un design rationnel et classique. Le principe de base a été de partir de l'essence même, et d'instaurer le maximum de commodité avec le minimum d'artifice. Avec ce design, Rafa Garcia renforce l'aspect contemporain de notre catalogue et démontre que la simplicité ne s'oppose pas au luxe.

Extérieurement la structure du **Deep** est très cubique, la jonction entre le dossier et les bras marque des angles et des lignes droites. Au contraire l'intérieur offre des courbes afin d'augmenter le confort. Le profil de l'assise est biseauté afin de le faire quasiment disparaître. Les bandes des coussins insistent sur le rationalisme plus classique et la séparation entre chacun d'entre eux laisse un espace afin de distinguer la douceur intérieure de la structure.

Deep se caractérise aussi par une très grande modularité capable de s'adapter à tous les espaces.

Les coussins auxiliaires aident à personnaliser notre canapé, et l'adaptent aux nécessités de l'ergonomie et de l'esthétique de chaque utilisateur. Grâce à la grande profondeur d'assise, nous pouvons rajouter une grande combinaison de coussins, et ainsi combiner les coussins de bras avec les coussins lombaires et les cousins étoles en guise de têtière, jusqu'à l'obtention d'un **Deep** unique, fait à votre mesure.

Vue de face les pieds ne sont rien d'autre qu'un subtil et fin profil, mais latéralement ils prennent de l'importance et montrent leur fort caractère. Pieds en aluminium massif et disponibles en toutes les couleurs de notre carte de laques extra mat.

IMPORTANTE

Todos las piezas se sirven montadas. Base y respaldo van en una sola pieza. Los brazos si que son desmontables en caso necesario.

Las patas requieren montaje. Consulte las instrucciones adjuntas al producto.

Unión de módulos mediante carraca.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

No disponible en vinilos u otras pieles sintéticas.

IMPORTANT

Each piece is delivered assembled. Base and backrest go in one piece. The arms are removable if necessary.

The feet need to be fitted. See the instructions attached to the product.

The modules can be clipped together.

Requests for modular combinations must have an attached plan when placing the order. When specifying left or right side, it is always as facing the piece.

This product is not available in vinyl or synthetic leather.

IMPORTANT

Les pièces sont livrées montées. La base et le dossier vont d'un seul tenant. Les bras sont amovibles si nécessaire.

Les pieds doivent être installés. Consulter la notice de montage.

Union des modules par un système d'ancrage.

Les commandes de compositions modulables doivent être obligatoirement accompagnées d'un plan. Le placement des bras gauches ou droits s'entend toujours vu de face par rapport au dessin.

Non disponible en vinyle, simili cuir ou tout autre cuir synthétique.

CARACTERISTICAS TECNICAS

TELA Y PIEL

- Funda textil y piel: totalmente desenfundable.
- Estructura de asiento: madera preparada con cinchas elásticas de 80mm y recubierta de espuma CM 28kg.
- Estructura de respaldo: tablero de partículas recubierto de espuma CM 33kg y CM 28kg.
- Estructura de brazo: tablero de DM y madera recubierto de espuma CM 33kg y CM 28kg.
- Almohada de asiento: espuma de densidad diferenciada (CM 33kg y CMS 37kg.), recubierta de fibra H150gr, con funda interior.
- Almohada de respaldo: microfibra FiberDream (tacto pluma) con funda interior.
- Almohada lumbar: viscoelástica y microfibra FiberDream (tacto pluma) con funda interior.
- Patas: aluminio macizo lacado.
- Pata central: acero F1 color negro regulable en altura.

TECHNICAL SPECIFICATIONS

FABRIC AND LEATHER

- Totally removable fabric or leather covers.
- Seat structure: wood fitted with 80mm elastic webbing covered in CM 28kg foam.
- Back structure: particleboard covered in CM 33kg and 28kg CM foam.
- Arm structure: MDF and wood covered in CM 33kg and CM 28kg CM foam.
- Seat cushion: CM 33kg and CMS 37kg. foam covered in H150g fibre and interior cover.
- Back cushion: FiberDream (down-like microfibre) with interior cover.
- Lumbar cushion: memory foam and FiberDream with interior cover.
- Feet: solid aluminium lacquered finished.
- Central foot: Adjustable black F1 steel foot.

CARACTERISTIQUES TECHNIQUES

TISSU ET CUIR

- Housses textiles et Cuir: 100% déhoussables.
- Châssis d'assise en bois préparé avec des sangles élastiques de 80mm et recouvertes de mousse CM 28kg.
- Châssis de dos en panneau de particules recouvert de mousse CM 33kg et CM 28kg.
- Châssis de bras en medium et bois recouverts de mousse CMHR de 35kg et CM 28kg.
- Coussin d'assise: mousses de différentes densités (CM 33kg et CMS 37kg.), recouvert de fibre H150gr et housse intérieure.
- Coussin de dos: microfibre Fiberdream (toucher plume) et housse intérieure.
- Coussin lombaire: viscoélastique et microfibre Fiberdream (toucher plume) et housse intérieure.
- Pieds: aluminium massif laqué.
- Pied central: acier F1 noir, réglable en hauteur.
